The OnePipeline.com system is about having a choice.*

Instructions: The amortization selected determines the monthly payment (whether it will be the same from month to month, or change periodically). It will also determine the interest rates available. You can return to this page and select other options to compare loan results.

Amortization (choose all that apply)**
We recommend you start with Fixed Products if you expect to live in your home for more than five years

Fixed ARM Balloon All

Rate vs. Points **
Points (also called discount points) are fees (1% of the loan amount) paid up-front to the lender to lower the interest rate (e.g. two points on a \$100,000 loan would cost \$2,000). A Rule of thumb is one point will decrease the interest rate by .25%
 Prefer lowest available interest rate without paying points
 Prefer to lower the rate by paying points

0.000 Points you are willing to pay.

What Percentage of the home value do you wish to borrow?
-567 % ** (This value is calculated based on your total assets and the purchase price of the home)

What's the estimated close date for this loan?
less than 30 days **
